Outsourcing Solutions

**We** know you do more with less, but Lucemio can help you to fulfill your cause.

We know the great impact that nonprofits have on our society. We can help you to better understand donor behavior so that you get the most out of your fundraising campaigns by targeting the best prospects. We can also help you to track your performance so that you're always assured of getting the most from your limited resources.

# BPO

# Benefits & Process

# Key Benefits

## Improved Outcomes

Our BPO helps you to easily **resolve blind spots** within your business processes by **increasing visibility** in key business areas.

## Competitive Advantage

The ability to **flex your resources up or down** **augments your cost structure** while ensuring you **receive actionable analytics and reports**.

## Improved ROI

Our BPO leverages global talent managed from the United States to **assure you quality, compelling economics and improved ROI**.

# Core Process

## Build

We'll **agree on the frequency and deadlines for the deliverables to be transferred to us** and outline the requirements for each of those deliverables.

## Access

We'll work with you to **ensure that we have secure access to the datasets** that we need to be able to perform our manual analysis on your behalf.

## Retrieve

Once completed you'll **retrieve your deliverables** from your own system or our secured storage Cloud **and sign-off** on those deliverables.

**Help your Nonprofit to outperform**  
with our customized BPO solutions.
